

Welcome letter
President of the Association of
Beauty Industry Enterprises and SPA
S. A. Nikonova

Dear ladies and gentlemen!

The Association of Beauty Industry Enterprises and SPA welcomes you to the 5th International Specialized Exhibition of Health and Beauty Industry "BeautyExpo Kyrgyzstan 2021", which is a key event that brings together stylists, hairdressers, beauticians, makeup artists and other professionals in the industry.

We are convinced that such exhibitions have a positive effect on the development of the beauty industry, helping to improve the competitiveness of products and services and providing potential client audiences with current information about the latest developments of leading global and domestic brands.

It can be said with confidence that the BeautyExpo Kyrgyzstan 2021 is an opportunity for participants to promote their position in the industry, demonstrate their potential, strengthen business relationships and expand cooperation horizons.

It is important that the event is not only demonstrative in nature, but also includes a series of seminars and workshops to allow beauty industry representatives to share experiences and expand their knowledge by assessing the variety of the best products and services available on the global market.

We wish all the participants and guests of the exhibition successful and fruitful work!

President of the Association of
Beauty Industry Enterprises and SPA

S. A. Nikonova
